

Nairobi.

20th July 68.

AFRICAN WILD LIFE
ELEPHANT - WILDEBEAST

Having a very interesting
time here. The climate
is lovely - altitude 6000 ft.
above sea level. It is
then winter but better
than our good summer
weather. Our work (Legion)
will not permit of much
sight-seeing but we hope
to get to some places of
particular interest & perhaps
have a trip to Mombasa.

P.S. Last we. The Duff Society gave us a level
reception at Norfolk Hotel.
